GLASSBORO, N. J.

PHONE: GLASSBORO 4-0480

Introduction and Condition of Sale

The prices in this Catalog cancel all previous prices.

Our plants as listed are all strong field grown, except for some which we are growing in pots owing to root conditions. These plants being a better success from pots than from the field.

We do not ship plants we would not like to receive ourselves.

Our quality plants are the lowest priced, by comparison.

They are guaranteed to be true to name except those usually raised from seed of which we buy the best and which generally come true.

In the case of pot plants to be shipped out of the Japanese Beetle zone, these plants are treated according to the Department of Agriculture recommendations, and we cannot be responsible for the results.

OUR TERMS ARE:

30 days net on accounts of approved credit.

2% discount in 10 days.

6% interest will be charged on all accounts past due.

Orders from unknown parties must be accompanied with cash or satisfactory references.

We do not charge for packing.

Less than 3 plants will be 10% of dozen rate each.

3 plants are shipped at the dozen rate.

25 plants are shipped at the 100 rate.

Orders to be sent via Parcel Post must be accompanied with sufficient money for postage, otherwise a C. O. D. will be made out for the deficiency. If no postage is sent, goods will be shipped via Express.

LOCATION

Our Nursery is located on the West side of the Delesa Drive (N. J. Route 47), between Clayton and Glassboro.

Worthy Novelty Perennials

We continuously experiment with new varieties of perennials, and have selected the following as the most outstanding. Some of these are being offered for the first time at popular prices, while others are the most worthy of recent introductions. We strongly recommend that you make a planting of these special items. You will find them very valuable additions to your present assortment of perennials.

Pygmy Pyrethrums

This novelty which we introduced a few years ago is a new strain of Pyrethrum which does not grow any higher than 6 inches and is so covered with blooms, especially the second year, that they resemble large red and yellow cushions.

They are a dwarf form of the well known Pyrethrum Roseum and have the same habit of growth and when not in bloom are hard to distinguish from the parent plant, but when in bloom they sell on sight. Blooming time is late May to mid June.

RED PYGMY	5.00	35.00
-----------------	------	-------

CHRYSANTHEMUM

"GOOD MORNING"

"Good Morning," the 1937 yellow root-sport of "Astrid," possesses all the finest qualities of that well known early hardy chrysanthemum.

Rooted cuttings in May develop into strong, vigorous plants conspicuous among all other chrysanthemums for their beautiful dark green blight and disease-resistant foliage.

The plants with strong branches require no disbudding, and are very floriferous. Bronzy buds unfold by mid-September into a light cream. Flowers in good condition were picked in early November after frosts and heavy snow in October.

Disbudded, "Good Morning" may be used for specimen flowers, which keep more than two weeks. The plants are excellent for landscape use, or may be potted, and can be had in bloom in the house until after Thanksgiving Day. Removed after heavy frost to the greenhouse, "Good Morning" may be forced into bloom for Mother's Day. In the open the plants require no winter protection, and are abundant propagators.

	Doz.	100
FIELD GROWN	3.00	18.00
POT PLANTS IN SPRING ONLY	2.00	12.00

Varieties marked (†) recommended for Cutting

ARTEMISIA

Doz. 100

*SCHMIDTIANA NANA. Lovely feather foliage in sun-glinting silver, dense and as though it were moss, gathered in low rounding mounds six inches high by sixteen across. A charming species. 2.00 12.00

SPECIAL NOTICE TO OUR CUSTOMERS

Taxes and increased costs, owing to the war, are going to have a bearing on prices. We will try to maintain the prices listed in this list, but we reserve the right, to change any of the prices, as may be necessary.

Should a Federal Sales Tax go into effect. Remittance must be increased by the additional amount.

A special handling Charge of 25¢
will be placed on orders less than
\$5.00.

Other Perennials**ACHILLEA**

Doz. 100

*TOMENTOSA. Neat cushions of bright green foliage and heads of yellow flowers. 8 inches. May-June 2.00 12.00

*TOMENTOSA SULPHUREA. A beautiful new form of the well-known Achillea. Tomentosa, but with pale yellow flowers which are produced in a much greater quantity during May and June, 8 inches 2.00 12.00

Varieties marked (*) recommended for Rock Gardens

ALLIUM

Doz. 100

TANGUTICUM (*Lavender Globe Lily*). The flowers are fluffy stars, packed closely, hundreds of them, into great globe clusters that top 2-ft. stems. The blossoms are a pure cool lavender, a clean, clear shade. A sound, hardy and enduring perennial, making big clumps that are fountains of showy blooms in late summer and early autumns, giving them magnificent effects. 2.50 15.00

ANTHEMIS

†**MOONLIGHT**. A much improved form with good sized single yellow flowers during the entire summer. Succeeds in the poorest soil and is an excellent cut flower. 2.00 12.00

AQUILEGIA (Columbine)

COERULEA. Blue and white flowers with long spurs. 2 ft. May-June 2.50 15.00

CRIMSON STAR. This is an entirely new Aquilegia. It is by far the most striking crimson with white corolla. Because of its bright color, we believe that our customers will find this variety of great value either in border plantings or for cut flower use 3.00 18.00

MRS. SCOTT ELLIOTT'S STRAIN. This is probably the best strain of long spurred hybrids. Wide range of colors, 2-3 ft. May-June 2.50 15.00

SNOW QUEEN. A pure white selection of the long spurred type 2.50 15.00

ARABIS (Rock Cress)

***ALPINA, FL. PL.** One of the earliest Spring flowering plant. Very suitable for the rockery or border, with its masses of double white flowers. 1 ft. April-May.. 2.00 12.00

ARMERIA

***CEPHALOTES RUBRA**. In the assortment of dwarf an semi-dwarf varieties this by far is the most outstanding. The flowers are of good size and the color is a striking red. For border there is nothing that will make such a bright showing. At road side sale grounds, these plants when in flower, will sell themselves. 2.00 12.00

***MARITIMA LAUCHEANA**. Compact tufts of grass-like foliage entirely covered in May and June with globular heads of pink flowers. 6 inches 2.00 12.00

Varieties marked (†) recommended for Cutting

ASTER—Michaelmas Daisy

Doz. 100

*ALPINUS. May. Blue. 10 inches 2.00 12.00

ALPINUS ALBUS. White. 2.00 12.00

†BEECHWOOD CHALLENGER. Erect grower, of medium height, producing brilliant crimson-red flowers. We highly recommend this variety for florist-cutting or landscape use. 3.00 18.00

†FRIKARTI (*Wonder of Staffa*). We consider this the best of the late summer and early fall flowering varieties. It is attractive in its neat upright free-branching habit of growth attaining a height of about 30 inches. The large, well-formed blooms are produced in great profusion from the middle of August until October. They are a lovely, lavender-blue color. 4.00 25.00

MT. EVEREST. A wonderful white Aster, and by far the finest and best white. It forms very tall, well-shaped, pointed pyramids with an abundance of lateral growths, which flower right down to the ground. The flowers are large and dead white with a very small eye. Healthy foliage. 3 to 4 feet. 3.00 18.00

†N. A. HARRINGTON'S PINK. All who see this lovely variety, are enchanted with its charm. A real pink that will be a standard for a long time to come. 3.00 18.00

BUDLEIA

†CHARMING. Develops into a beautiful bushy plant, growing to a height of 5 to 6 ft., and almost the same in spread. Making a very striking plant in any landscape, flowering from the middle of June until frost. The flowers are a clear Lavender pink, an entirely new color, never before seen in Budleias. ... 3.00 20.00

CHRYSANTHEMUM

†We have found it necessary to add these valuable plants to our collection, and after some consideration we decided to use only the best and the newest varieties, and to keep on adding only those which merit their places in our collection.

CUSHION MUMS

APPLEBLOSSOM CUSHION. Pale pink.

CHRYSANTHEMUMS (continued)

Doz. 100

KING CUSHION. Bronze. turning yellow with age.

PINK CUSHION. The well-known Azaleamum.

QUEEN CUSHION. White.

ROSE CUSHION. New rose colored.

NEW SPOON MUMS

Here is something new in Chrysanthemums. The long tubular petals flatten out at the ends so that each resembles a spoon. These splendid new varieties of 1941 greatly widen the color range of this artistic new type of hardy Chrysanthemum which may be relied upon to give a profusion of flowers when the season comes to a close.

GOLDEN SPOON. Bright golden yellow with Apricot sheen.

JASPER SPOON. Long tubes of straw yellow with small spoons of brilliant jasper red at the tips.

PINK SPOON.

ORCHID SPOON. Light pinkish lilac, almost double and very free flowering.

RED SPOON.

YELLOW SPOON.

ASTRID. Single pink.

SEQUOIA. Double blooms of a mellow amber.

THE CHIEF. Semi-double, bright scarlet and gold.

VESTA. A plant of medium height and great vigor, literally covered with flowers over 2½" in diameter of a deep golden orange shade, almost a duplex.

Pot plants in spring only 1.50 10.00

Field grown 2.50 15.00

Varieties marked (†) recommended for Cutting

CHRYSANTHEMUMS (continued)

Doz. 100

ESTHER READ. Fully double white flowers of good lasting quality. The blooms are 3 to 4 inches in diameter, and come rather freely on the sturdy plants. 1½ to 2 ft. Summer and Fall. .. 3.00 20.00

DELPHINIUM

†BELLADONNA. Sky-blue flowers from June until frost. 3 ft. 1.50 10.00

†BELLAMOSUM. Similar in habit and growth to the above but having dark blue flowers. 1.50 10.00

†BLACKMORE & LANGDON'S ENGLISH HYBRIDS. This is indeed a wonderful strain. It has a range of colors well divided in the palest of blue shades to the deepest indigo, with a strong run of the most delicate shades of rose; double and single. 1.50 10.00

DIELYTRA

EXLMEA. Fern-like foliage. Pink, heart-shaped flowers. 1 ft. May till frost. 3.00 18.00

FORMOSA. Dainty, fern-like foliage and pendulous lyre shaped flowers of a pleasing shade of pink. 1 ft. May-September 3.00 18.00

EUPATORIUM

†COELESTINUM. Masses of blue, ageratum-like flowers. 2 ft. Aug.-Oct. 2.00 12.00

EUPHORBIA

†COROLLATA. Masses of pure white, flower-like bracts. 2 ft. Aug.-Sept. 2.00 12.00

*POLYCHROMA. A conspicuous object in spring. It has a bushy, much branched habit, each branch bearing a head of bright yellow bracts. 2 ft. April. 2.50 15.00

FUNKIA

SUBCORDATA GRANDIFLORA. The old-fashioned August Lily; one of the most permanent of perennials. Makes a delightful shady border 5.00 35.00

GERANIUM

*SANGUINEUM. Attractive foliage and bright crimson flowers. All summer. 9 inches. 2.00 12.00

Varieties marked (*) recommended for Rock Gardens

GYPSOPHILA—Baby's Breath

Doz. 100

†BRISTOL FAIRY. 3 ft. This variety when first introduced was quite a sensational novelty and has, without doubt, proved to be the most valuable hardy garden plant in recent years. Has great panicles of pure white double flowers so indispensable for cutting. It also possesses the advantage of flowering more or less continuously throughout the entire summer months. Field grown plants. 5.00 35.00

— \$300.00 per 1,000 —

2 Inch Pot Plants 3.00 18.00

— \$150.00 per 1,000 —

Frame grown grafts. Not potted. In Spring only 2.00 12.00

— \$100.00 per 1,000 —

HELIOPSIS

†GOLDEN RAYS. Gives a summer long crop of semi-double golden yellow flowers. The flowers are extremely large with two rows of incised petals. 2.50 15.00

†INCOMPARABILIS. A great improved form which should do much to increase the popularity of this easily grown plant. During July and August, when cut-flower material is plentiful, it produces a large, almost double flowers of rich golden color, on strong branching stems. 2 inch pots. 2.50 15.00

IBERIS—Candytuft

*LITTLE GEM. 6 in. Very dwarf with a neat compact habit of growth. Pure white flowers in May and June. 2.50 15.00

*SEMPERVIRENS. 1 ft. Rich dark evergreen foliage with masses of white. 2.00 12.00

*SNOWFLAKE. A great variety 6 to 8 inches high, having exceptionally large, pure white flowers borne in great masses during May and June 2.50 15.00

Varieties marked (†) recommended for Cutting

IMPERIAL JAPANESE IRIS

Doz. 100

These noble Irises are the most beautiful of the species and are becoming more popular each season. They begin blooming about the middle of June and continue for about five to six weeks. While they succeed in almost any soil and under any condition, they delight in a rich deep moist position.

†AZURE. Double Blue with yellow base.

†BETTY HOLMES. Large white, Orange Center.

†CATHARINE PARRY. Blue overlaid-rose red high tufts in center.

†ELEANOR PARRY. Double Claret red with white and blue flush.

†FASCINATION. Double. Soft lavender.

GOLDBOUND. White with yellow stripe in center.

†MOUNT HOOD. Double rich royal purple with yellow center.

†PURPLE & GOLD. Double, purple and gold streaked.

†PYRAMID. Double, dark violet with bright yellow blotch.

†RED RIDINGHOOD. Single red.

All Jananese Iris are 2.50 15.00

†JAPANESE IRISES MIXED. Splendid mixture of the above 2.00 12.00

VARIOUS IRISES

*CRISTATA. 4 in. dwarf, fairy-like plant with soft blue, orange-striped flowers. Easily grown in a rather moist, partially shaded position. May. 2.50 15.00

†DICHOTOMA. August or Vesper Iris. Though quite out of resemblance to all other Irises, it is none the less desirable. All through August the plants are, each afternoon, great bouquets of bloom. The blossoms are carried in tall sprays, slenderly branching and re-branching. Coloring is highly variable, usually a cool translucent lavender with mahogany markings that may be buff-lemon, orange, copper, brown or tyrian. 2.00 12.00

Varieties marked (*) recommended for Rock Gardens

VARIOUS IRISES (continued)

	Doz.	100
*PUMILA CYANEA. 9 in. Violet-purple. May	2.00	12.00
*PUMILA LUTEA A yellow form of the above	2.00	12.00
*PUMILA THE BRIDE. A white form.	2.00	12.00
†SIBIRICA (Siberian Iris). 2 to 3 ft. A variety distinguished by its tall, grass-like foliage and numerous violet-colored flowers that are borne on slender stems. May and June.	2.00	12.00
†SIBIRICA. SNOW QUEEN. A variety of great merit. Flowers snow-white.	2.00	12.00

LIATRIS (Blazing Star)

†PYCNOSTACHYA. Long straight stalks 4 ft. high with spikes 1 to 3 ft. long of rosy-purple flowers, commences to bloom at the top of spike, and blooms downward. Good for cutting. July-August. 2.00 12.00

†PYCNOSTACHYA GIGANTICA. This latest form of Liatris Pycnostachya is the best yet of all Liatris known. Its flower spikes reach to a height of 7 to 8 feet, and when in full bloom shows 30 to 36 inches of stem in bloom at one time. Excellent for border and cutting. August-September. 3.00 18.00

— \$150.00 per 1,000 —

†SEPTEMBER GLORY. This late flowering type was selected from among a large number of fine seedlings because of its outstanding beauty. It is the showiest form of all the late varieties. The purple flowers are produced in extra long spikes during late August and September. A first-class acquisition for the border and for cutting. 3.00 18.00

— \$150.00 per 1,000 —

†SPICATA. Reddish purple. June-July. 2.50 15.00

— \$120.00 per 1,000 —

MYOSOTIS—Forget-Me-Not

PALUSTRIS SEMPERFLORENS. Noted for its magnificent blue-colored flowers. 9 in. Light blue flowers during June. 2.00 12.00

Varieties marked (†) recommended for Cutting

NEPETA—Catmint

Doz. 100

*MUSSINI. A plant especially good for the rock garden. Of dwarf, compact nature, producing masses of blooms of lavender color of all spring and intermittently during the summer. One of the most popular of rock plants, or edging plants. Does well in ordinary soil that is well drained. Prefers sunny position. Height 1 foot. 2.00 12.00

PENSTEMON

†GARNET. We believe this new Penstemon is the finest of them all. It is a large flowering type, a prolific bloomer from June until frost. The large, rich, garnet colored flowers are gracefully placed on stems 14 to 18 inches in length, often 12 to 15 flowers appearing on one plant. 2.00 12.00

PEROWSKIA

*ATRIPLICIFOLIA. Silver here is dominant, a silver that at times is almost a snowy downiness, or again may hint of olive shadings, but an enveloping felted silverness always. The flowers, and they show in midget multitudes, would be a bright blue-lavender were it not for a silvery haziness. A very lovely species. Afghanistan. 2.50 15.00

PHLOX

No other plant will make as bright a show in mid-summer. The improved varieties offered today embrace a wide range of colors to please any taste. They make a profitable item because they are hardy, reasonable in price, easy to handle and can be moved at any time.

AFRICA. Brilliant carmine-red with blood-red eye. Well-shaped flower heads composed of large florets. Good, strong stem and not subject to mildew 2.50 15.00

BLUE BOY. Blue Phlox are hard to obtain. As a rule, in the drier climates they show their color better in semi-shade. This is the bluest Phlox we have had. Very free flowering. 2.50 15.00

BORDER GEM. A distinct novelty, dark purple. 3 inch pots 2.50 15.00

CAROLINE - VAN DER BERG. Striking Lavender Blue. 2.50 15.00

COUNT ZEPPELIN. White brilliant red eye. 3 inch pots. 2.50 15.00

DIPLOMAT. Large, white. 2.50 15.00

Varieties marked (*) recommended for Rock Gardens

PHLOX (continued)

	Doz.	100
EMAIN MACHA. Coral red.	3.00	18.00
ETHEL PRICHARD. Lavendar.	2.50	15.00
FIREBRAND. Large vermillion scar- let.	2.50	15.00
FLASH. Excellent dark red. Trusses are of good size and the color is rich without being dull.	2.50	15.00
GEORGE STIPP. Glowing Salmon. Large flowers.	2.50	15.00
KATHARINE. Lilac and white.	2.50	15.00
LEO SCHLAGETER. Brilliant Scar- let.	2.50	15.00
LILLIAN. Soft pink, large trusses, early.	2.50	15.00
MARY LOUISE. Pure white heads of unusually large size, reminding one of Carrara marble, the individual flowers are twice as big as other white Phlox. A perfectly beautiful variety; unques- tionably the best white to date. It is a good grower with clean foliage and an unusually prolific bloomer. Of medium height. 3 inch pots.	3.00	18.00
MORGENROOD. A beautiful, new, wine-red; very unusual and very strik- ing. 30 inch.	2.50	15.00
MRS. JENKINS. (Independence). Pure white; late flowering; very fast grower of medium height. Splendid for planting in masses. Few varieties equal its free-flowering habit. Free from any disease and can always be depended on. An old sort, but worth while.	2.50	15.00
PAINTED LADY. Soft pink, deep center.	2.50	15.00
RHEINLANDER. A splendid old-time variety of good growing quality and ex- cellent habit. Flower heads are large and on good strong stems. The color is a beautiful salmon-pink.	2.50	15.00
RYNSTROOM. Rosy Pink.	2.50	15.00
SALMON BEAUTY. Rich Salmon pink with white eye.	2.50	15.00
THOR. Deep salmon pink.	2.50	15.00
WIDAR. Violet blue, white eye.	2.50	15.00
MISS LINGARD. Early white faint pink eye.	2.50	15.00

Varieties marked (†) recommended for Cutting

OTHER PHLOXES

Doz. 100

*CAMLAENSUS. This is reported to be a cross between Phlox Subulata Rosea and Phlox Amoena and is quite the loveliest dwarf phlox in existence to-day. The flowers are large and completely cover the plant, which grows about 8" high, in bloom in May and June. Lovely with tulips and a gem in the rock garden or as an edging plant for walks or beds. 2 inch pots. 3.00 18.00

*DIVARICATA. Large, lavender-blue flowers. May. 3 inch pots. 2.00 12.00

*SUBULATA NIVALIS SYLVESTRIS. A strong compact growing type, producing rosy red flowers of huge size in abundance. It is the most brilliant Subulata Phlox in existence to date. We are sure this plant will be very popular as soon as it is better known. We recommend that you give it a fair trial this year. 2.50 15.00

PHYSOTEGIA—False Dragon Head

VIRGINICA VIVID. Bright pink, 1½ ft. Aug.-Sept. 2.00 12.00

PLATYCODON—(Balloon Flower)

GRANDIFLORA. 3 ft. Showy, deep blue flowers produced all Summer. An excellent hardy plant. 2.00 12.00

PLUMBAGO (Lead Wort)

*LARPENTAE. 6-8 in. One of the finest dwarf border and rock plants. Forms masses of dark green leaves covered with intense blue flowers in late Summer and Fall. 2.00 12.00
Pot Plants 2.50 15.00

● You Can Depend On Shoreway Plants

POLEMONIUM—Jacobs Ladder

Doz. 100

*BLUE PEARL. (New). Has finely cut, deep green foliage and showy spikes of baby-blue flowers in April and May. Sun or shady places. 9 inches. 2.50 15.00

*REPTANS. Graceful foliage and showy blue flowers. Should be planted in shady places. 8 in. April-May. 2.00 12.00

RUDBEKIA

†EARLIEST OF ALL. Blooms before any other variety, with rich deep carmine rose flowers, 18-24 inches. June-August. 4.00 25.00

†THE KING. A tall improved Rudbekia Purpurea with broad deep crimson red petals and rich, coppery, bronzy cones. The petals never fold or droop. Always attractive and fine for cutting. 3-3½ ft. July-August. 3.00 18.00

SANTOLINA—(Lavender Cotton)

INCANA. Dwarf evergreen with grey green foliage useful as rock garden or border plants. 2.00 12.00

TRADESCANTIA

Everblooming perennials of great beauty and easiest possible culture, fully winter-hardy, tolerant alike of wet soil and dry, of sun out of not-too-heavy shade. They are spendthrifts of bloom, blossoms that last but a day, but produce prodigally day after day, even month after month.

IRIS PRICHARD. White, soft azure satin. 3.00 18.00

JAMES C. WEGUELIN. New, beautiful variety, free-flowering, with porcelain-blue flowers from June until September. A worth-while plant which does well anywhere. Foliage decorative. 3.00 18.00

LEONORA. Rich, deep violet. 3.00 18.00

OSPREY. Large, snow-white flowers. 3 inches in diameter, with deep violet stamens. 4.00 25.00

● You Can Depend On Shoreway Plants

Varieties marked (†) recommended for Cutting

THERMOPSIS

Doz. 100

†CAROLINIANA. Suitable for the sunny border. A lovely lupine-like plant with rich green foliage, growing about 2 ft. Flowers are produced on spikes 6 to 12 inches long, which appear like a yellow lupine. They grow well in any well drained soil. 2.00 12.00

TRITOMA—Red Hot Poker

†PFITZERI. A fine plant for the border and cutting. Flowers are of a rich scarlet color, borne on tall spikes, blooming in late summer to October. 2.00 12.00

TUNICA

*SAXIFRAGA FL. PL. A pretty dwarf plant with grass-like foliage and double rose colored flowers which are produced freely all Summer. Very useful for edging and the rock garden. 2.50 15.00

VERONICA

†BLUE SPIRES. Far superior to the well known Spicata Growing two feet high, its lovely deep blue spikes show up well in the hardy border. The foliage is clean and plant is of bushy, upright habit and flowers throughout the early summer. A fine new introduction of real merit, and a plant which does withstand hot and dry weather without suffering. Altogether a very worthwhile border plant. 3.00 18.00

*INCANA. A gem for the rockery or low border, with its unusual contrast between foliage and flowers. Has narrow silver leaves in neat tufts, from which arise dainty spikes of violet-blue flowers. Very good for edging garden paths. .. 2.00 12.00

*INCANA ROSEA. Silvery foliage and showy Pink flowers during July and August, 1 ft. 2.00 12.00

LONGIFOLIA SUBSESSILIS. 2 ft. Spikes of exquisite blue flowers. July-September. 3.00 18.00

*ROYAL BLUE. 10 inches. Gentian blue flowers. 2.00 12.00

*RUPESTRIS. 4 inches. Dark green foliage, small spikes of blue flowers. May-June. 2.00 12.00

Varieties marked (*) recommended for Rock Gardens

VERONICA (Continued)

Doz. 100

SPICATA NANA. A dwarf form of the well known Veronica Spicata, 6 inches in height. Its beautiful blue flowers are an addition to the rock garden in June and July. 2.50 15.00

***SPICATA ALBA NANA.** A most pleasing form of Veronica spicata alba, growing only 8" high. Its pure white flowers are nicely offset by its dark green foliage. Good for edging and the rock garden. June-July. 2.00 12.00

***TREHANE.** One of the choicest Veronicas. The foliage is golden yellow, very striking. Blue flowers. 6 inches. May-June. 3.50 20.00

VINCA (Periwinkle)

MINOR. The well-known periwinkle. . 2.00 12.00

MINOR BOWLES VARIETY. A very great improvement over the well known Vinca Minor. 2.00 12.00

VIOLA

***JERSEY GEM.** The best viola for American conditions, producing in Spring and again in Fall masses of rich violet blue flower. 2.50 15.00

***PEDATA.** (Birds Foot Violet). Finely divided leaves and dark blue flowers. 4 inches. April-June. 2.00 12.00

***PEDATA BICOLOR.** Same as above, but dark blue lilac flowers. 2.00 12.00

VIOLET

***DOUBLE RUSSIAN.** This is not suited for forcing under glass but is perfectly hardy and a gem for the garden or hardy border, producing, in early Spring, great masses of fine, large, double, deep purple flowers of exquisite fragrance 2½ inch pots. 3.00 18.00

***ROSINA.** Novelty. Exquisite, fragrant, rich, rosy pink flowers. It is entirely different from any other Violet. 2½ inch pots. 2.50 15.00
